

Levels of Virtual Teaching/Learning

Extended Classroom

WHERE

In a traditional face-to-face classroom, supplemental resources are provided for students through an online interface

WHAT

Online or technology enhanced activities (learning activities, assignments, assessments, etc.) may be required during class time

HOW

Interactive websites, Moodle, videoconference field trips, online collaboration

Blended Classroom

WHERE

Students learn in a face-to-face setting along with online delivery with student control over time, place, path, or pace

WHAT

Some online activities (learning activities, assignments, participation in discussions, assessments, etc.) are required

HOW

Moodle, Edmodo, Skype, Webinars

Virtual Classroom

WHERE

Online delivery with student control over time, place, path, and pace

WHAT

All learning activities, assignments, discussions, assessments, and communication take place in non-face-to-face environment

HOW

Local district teacher through Moodle or other CMS or other online course content provider
